

Statement Regarding USDA Public Health Alert for Products Containing Roasted Corn

October 19, 2018

Bonduelle Fresh Americas, home of the Ready Pac Foods brand, is aware of and is closely monitoring the nationwide USDA Public Health Alert for products containing roasted corn and other vegetables. We have not been contacted by our suppliers nor any regulatory agencies that we are involved in this situation. Additionally, we have directly contacted all of our vegetable suppliers, and they have confirmed they are not involved. At this time, we have no reason to believe any of our products are affected.

At Bonduelle Fresh Americas the safety and quality of our products is our number one priority and we have a long history of providing fresh, ready-to-eat products that exceed industry best practices in food safety.

We will continue to monitor the situation and our suppliers very closely and provide any necessary updates.
